

SKYLINE

The new revolutionary linear labelling solution with pressure sensitive technology. Fully ergonomic with automatic adjustments and easy maintenance.

## WHATS'S NEW

SkyLine is the revolutionary new generation of pressure sensitive linear labelling. This completely innovative solution, with an ergonomic and captivating design, boosts a mix of pluses & benefits that differentiate it from any other linear labelling machine on the market. Thanks to the Smart & Lean production system of P.E. Labellers, SkyLine can be delivered with an **average saving of 8 weeks** compared to market standards.

**Find out why it's different.**

# REVOLUTIONARY SOLUTION

**SkyLine offers unparalleled flexibility in the linear labelling solutions scene today**

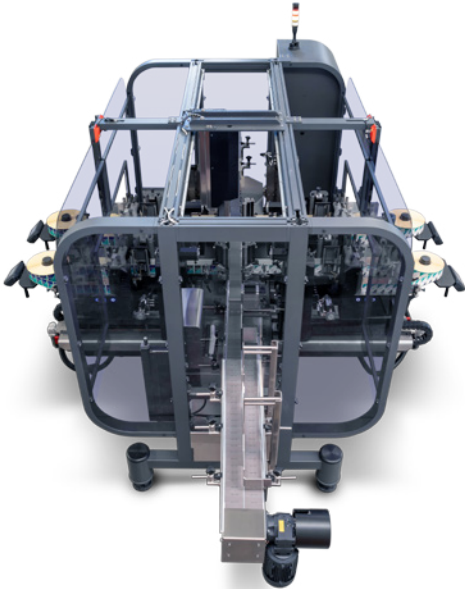

Evolution

The new ergonomic and elegant design, combined with the high technology on board, make SkyLine a very competitive solution, for multiple sectors and different application needs.

# NEW GENERATION

- 
- \* Automatic adjustments
  - \* Standard ergonomics, accessibility up to the center of the belt
  - \* MyPE operator panel with multiple integrated functions
  - \* Spare parts management and scheduled maintenance by MyPE
  - \* Standard remote assistance on each model
  - \* Easy cleaning, minimal hollow parts for dirt accumulation
  - \* Quick and reliable format changeover
  - \* Automatic vision and control systems
  - \* B&R, Siemens and Allen-Bradley software technologies
  - \* Attractive design, solid and compact layout
  - \* Lead Time reduction, 8 weeks savings

# SUPERIOR DESIGN & TECHNOLOGY

---

Base length (m): 1.5x1.65 | 1.8x1.65 | 2.3x1.65

---

Production speed: up to 400 BpM

---

Ability to add top & down applications

---

Labeling units: 1 to 4

---

Labels: self-adhesive in paper or PVC

---

Containers: cylindrical or shaped

---

Materials: glass, PET, ceramic, aluminium

## APPLICATIONS

Front/back labels | Neck labels | I/L/U shape tax stamps

## SECTORS

Luboil, Beverage, Food & Dairy, Pet Food, Chemical,  
Personal & Home Care, Pharma
